Instructions

As part of statewide efforts to prevent identity theft, California law requires this office to issue 2 different types of certified copies: **authorized** and **informational**. Both types are certified copies of the original document on file with our office.

An **authorized certified copy** establishes the identity of the registrant (the decedent identified on the certificate). Only individuals who are authorized by Health and Safety Code section 103526 can obtain an authorized certified copy of a death record. (Part 2 of the application identifies the individuals who are authorized to make the request.) Applicants requesting an authorized certified copy must complete the **Sworn Statement**, declaring that they are eligible to receive the authorized certified copy. The Sworn Statement must be notarized if the application is submitted by mail, fax, or online.

All other individuals are issued an **informational certified copy**, which is marked: "INFORMATIONAL NOT A VALID DOCUMENT TO ESTABLISH IDENTITY."

Part 1 – Death Record Information

Provide all the information you have available to identify the record. If the information provided is incomplete or inaccurate, the record might be impossible to locate. For each record requested, indicate the type (authorized or informational) and number of certified copies desired.

Part 2 – Authorized Certified Copy

To request an authorized certified copy, you (the applicant) must indicate your relationship to the registrant (the decedent identified on the certificate) and complete the Sworn Statement, declaring under penalty of perjury that you are eligible to receive the authorized certified copy. The Sworn Statement must be notarized if the application is submitted by mail, fax, or online. Applicants who cannot claim a relationship authorized by Health & Safety Code section 103526 are issued an **informational certified copy**, which is marked: "INFORMATIONAL NOT A VALID DOCUMENT TO ESTABLISH IDENTITY."
