County of Sacramento

November 19, 2009

To: All Interested Parties

Subject: **RECORDED DOCUMENTS FOR PUBLIC VIEWING**

Assembly Bill 1168, Chapter 627, Statutes of 2007 was enacted requiring counties to implement a social security number truncation program related to documents recorded after 1979.

Once the truncation process is applied to any recorded document 1980 forward, it becomes a public version of the official record and the only record available to the public except by court order.

Effective November 23, 2009, and thereafter, documents accepted for recording will have the truncation process applied as part of the recording process limiting access to the **public record** only.

Sincerely,

Craig A. Kramer
County Clerk/Recorder
